

## **GRADUATE RECRUIT – PELAGIC FISHERIES**

**An exciting opportunity has been created for a highly motivated and enthusiastic recent graduate to join our Marine Science & Technology Department.**

**The Graduate will have the opportunity to participate in a broad range of activities and research work, mainly within the Fisheries Section of the Department and will gain a valuable range of training, experience and skills. In addition the Graduate will have responsibility for undertaking a multi-disciplinary research project relating to the carbon footprint of pelagic fisheries.**

**This project provides an excellent opportunity to work closely with industry; will require good communication skills and will encompass aspects of fisheries, biology and socio-economics.**

**Candidates should be educated to Degree or Masters level.**

**This is a 1-year contract with an expected start date in July 2014.**

**This post is funded by the Arthur Laurenson Memorial Bursary, Scottish Fishermen's Trust and Hunter and Morrison Trust.**

**For an informal discussion on this post, please contact Dr Chevonne Angus, 01595 772000 or email [Chevonne.Angus@uhi.ac.uk](mailto:Chevonne.Angus@uhi.ac.uk)**

**A full job description and person spec can be viewed at <http://www.nafc.uhi.ac.uk/staff/vacancies>**

**CLOSING DATE: 5.00PM ON FRIDAY 13<sup>th</sup> JUNE 2014**
